Revised August 2016

LIVESTOCK CAREER DEVELOPMENT EVENT

PURPOSE

The purpose of the Livestock Career Development Event is to measure the students' knowledge in the following categories: To make accurate observations of livestock; To determine the desirable traits of animals; To make logical decisions based on these observations; To discuss and to defend their decisions for their placing; To instill an appreciation for desirable selection, management and marketing techniques; To become proficient in communicating in the terminology of the industry and the consumer; and To identify the criteria used in grading livestock.

ELIGIBILITY AND REGULATIONS

For specific eligibility of participants, refer to the Contests and Awards Booklet.

North District Only: Teams winning county events will be eligible to compete at the district level. An elimination event at the county level must be held to determine the county winner. Only the winner from each county in a district is eligible to participate in the district event. The County Chairman is responsible for planning the county event before the district event is held.

Central and South Districts will be open to all chapters at the district level.

NOTE: An elimination event at the county level must be held to determine the county winner. Only the winner from each county in a district is eligible to participate in the district event. The County Chairman is responsible for planning the county event before the district event is held.

The top four place winners in the North, Central and South Districts will compete in the state finals.

COUNTY EVENT

The County Chairman will contact the Agriscience Teachers in the County to set a date and make plans for conducting the county event. The classes/activities for the county event may be selected from the classes/activities listed for the state event. The number and type of classes/activities to include in the county event is left up to the teachers in the county.

The County Chairman will send the name of the county winner to the District Advisor immediately following the county event.

DISTRICT EVENT

The classes/activities for the district event will be selected from the classes/activities listed for the state event. The number and type of classes/activities to include in the district event is left up to the person(s) in charge of the district livestock event.

Each county winner that has earned the opportunity to participate in the district event will be notified of the classes/activities that will constitute the event as soon as the planning has been completed. This information will be sent directly to the county winner, if known, or to the County Chairman. The County Chairman will get this information to the county winner as soon as the county event is held.

TIEBREAKERS

If ties occur, the following events will be used in order to determine award recipients:

1. Total of oral reasons
2. Total of placings classes
3. Total of test scores
4. The number of perfect scores (50s) on a team
