334-588-2943

January 5, 2018

**MEMORANDUM**

**TO:** Agriscience Education Teachers

**FROM:** Daryl Behel  
AAAE President

**SUBJECT:** 2018 Spring Regional Seminars

The Alabama Association of Agriscience Educators (AAAE) will be hosting the 2018 Spring Regional Seminars for all agriscience education teachers in Alabama. The dates and locations have been set and are shown on the enclosed document. If you cannot attend the seminar assigned to your county, please make plans to attend one of the other seminars if possible. If you plan to attend a different seminar than the one assigned to your county, please notify the presenter so they can be sure and have your packet of information with them.

The focus of the meeting will be on spring and summer FFA activities, FFA membership, FFA initiatives, and agriscience education initiatives, including program credentialing. We will require an online pre-registration for each of the meetings to assist with meal counts. Please go to (<https://goo.gl/forms/AIMO8w7SIug827IO2>) to complete the online pre-registration.

If you need additional information, please contact the presenter responsible for the meeting you plan to attend. The AAAE officers hope to see you at one of the meetings.

Enclosure
