FUTURE FARMER

FFA ONTESTS and AWARDS

UGUST-SEPTEMBER

1962

VOLUME 32

NUMBER 1

Convention Climaxes Year's Work

Future Farmers from 259 Alabama chapters have completed another very inspiring convention bringing to a close the year for 14,444 FFA members in Alabama.

Almost 800 members and advisors attended the convention this year which was made up three days of contests, leadership training, tours, business sessions, and entertainment.

Dr. Ralph Draughon, president, Auburn University, welcomed the FFA'ers to Auburn. State president Jimmy Barnes, presided over all of the general sessions.

One of the highlights of the convention was a visit and address by James Pruitt, National FFA Vice-President. He challenged the delegation to work harder and attain greater heights in their FFA achievements.

Competition, in all contests, was keen this year which can be credited to the excellent job being done by vo-ag teachers in the state. Selection of officers this year was extremely difficult due to the large number of outstanding applicants.

This year's 287 State Farmer Degrees was another mark of achievement. This indicates that more and more boys are doing a better job in carrying out a supervised farming program and in community functions to enable them to earn this degree.

From the many outstanding boys in Alabama, five were selected as District Star Farmers and from these – State Star Farmer Phillip Hardee of Beatrice was named.

The new officers chosen at the convention are Billy Henderson, Straughn, president; Jerry Brown, Butler, vice-president; Dickey Winsett, Hazel Green, secretary; Paul Dick, Ashland, treasurer and Bryan Bain, Carrollton, reporter.

State contest winners were:

CHAPTER CONTEST

Top Four—Buckhorn, Georgiana, Jasper, Tuskegee.

Superior Chapter Awards—Hazel Green, Brookwood, Curry, Jemison, Boaz, Attalla, Sylvania, Suttle, Reform, Ider, Sulligent, Straughn.

Standard Chapter Awards—Citronelle, Double Springs, Town Creek, Montevallo, Kinston, Thomaston, Fort Deposit, Carrollton.

Strength Through Striving

FFA Purposes Developed Through Contests And Awards Program

Through the FFA Contests and Awards Program many worthwhile programs are initiated and an immense amount of good work is stimulated. The various contests have specific objectives which FFA'ers meet as a result of participation in the contest programs.

Whether or not the participant wins one of the top state awards, he still profits from the contest competition as evidenced by the improvements he makes in his own program.

The farm and home electrification contest, for example, has been an aid in teaching vo-ag students the practical use of electricity. The participants apply their electrical knowledge to actual projects on the farm and in the home. This experience may vary from rewinding motors to making time and labor-saving devices such as pea shellers and the like.

FFA contests, with the exception of the quartet, string band, public speaking, and star reporter contests, are directly related to some phase of the boys' supervised farming programs. These exceptions are indirectly related in that they afford FFA'ers the opportunity to develop in the four phases of the FFA program—leadership, character, cooperation, and recreation.

The farm mechanics program emphasizes the mechanics of the farm and their application to a sounder and more economical farming operation. The dairy farming contest strengthens the use of im-

proved practices on the dairy farms of FFA members while the forestry contest is designed to encourage "tree farming" as a means of income and also as an aid to conservation. The various judging events teach prospective farmers to choose the better breeds of livestock and to distinguish between desirable and undesirable characteristics. The soil and water management program promotes greater conservation of the soil, which is the foundation of all life, and the proper use of its life blood, water.

The public speaking program develops rural leadership which is an esential for the farmer to stand up and be counted. He must be able to voice his opinions and express ways in which ideas can be put into practice.

The quartet and string band contests develop the musical abilities of FFA boys and bring entertainment and a form of recreation to listeners as well as participants. The star reporter contest is instrumental, first of all, in gaining greater recognition for the farm group, and secondly, in developing the journalistic and creative writing abilities of FFA members.

All in all, it can be said that the whole FFA Contests and Awards Program serves a useful and unique purpose in developing a future citizen who can wisely and efficiently provide himself with what he wants from life, for he learns by doing and he understands what he does.

Every Future Farmer Should Believe

The FFA boy is more important than the FFA project.

The FFA is not trying to replace the home, the church, and the school – but supplement them.

To "learn by doing" is fundamental in any sound educational program and characteristic of the FFA program.

Learning how to do projects is more important than the project itself.

Many things are caught rather than taught.

Competition in FFA work should be recognized as a natural human trait but should be given no more emphasis than other fundamentals in FFA.

A blue-ribbon FFA boy with a red-ribbon pig is more desirable than a red-ribbon boy with a blue-ribbon pig.

No FFA award is worth sacrificing the reputation of an FFA member or advisor.

A Future Farmer should be his own best exhibit.

There is generally more than one good way of doing most things.

Every FFA member needs to be noticed, to feel important, to win, and to be praised.

FFA members must be taught HOW to think; not WHAT to think.

FFA CONTESTS AND AWARDS, 1962-63

FFA Public Speaking Contest

Purpose

This contest is designed to develop rural and agricultural leadership through providing for member participation in agricultural public speaking activities and stimulating interest along such lines.

Eligibility

Every active FFA member in Alabama is eligible who is less than 21 years of age and regularly enrolled in high school, except previous first place state winners.

Contestants may choose their own subjects for their speeches. Any current subject of an agricultural character which is of general interest to the public will be acceptable. A contestant will be permitted to use notes while speaking but deductions in scoring may be made for this practice if it detracts from the effectiveness of the presentation.

Time Limit

Each speech shall be a minimum of eight minutes in length and a maximum of ten minutes. Deduction will be made of 20 points per minute or major fraction thereof for speeches under eight minutes or over ten minutes in length.

Originality

All manuscripts must be original. However, contestant may secure help of teachers and others in checking.

Judging

Official judging sheets are to be used as a guide in judging all contestants. Advisors and contestants should become familiar with their use. The judges' decision shall be final.

Cooperation

Local advisors and members should seek the interest and cooperation of the school the interest and cooperation of the school principal, English teacher, commercial teacher, local farmer cooperatives and others in the FFA Speaking Contest.

Entry Date: Every FFA chapter and member is entered NOW.

Chapter Contest: Chapter contest is held

County Contest: County contest held by February 1.

Area Contest: Area contest held by March

District Contest: Distrct contest will be held at regular district contest eliminations.

Forfeit

If the winner of any contest cannot compete in the next contest, the winner of second place is eligible to compete.

CHAPTER SPEAKING CONTEST

1. Should be held by January 15.
2. Methods of eliminations in chapter to be determined by local advisor and other chapter officers.

3. Local farmer cooperatives should be invited to cooperate. (They may want to provide some special awards.)

4. It is not necessary to report names of chapter winners to State Office.

5. Three copies of the winners' manuscript to be sent to the advisor holding councontests one week in advance of the county elimination. DO NOT SEND TO STATE OFFICE.

6. Winner will compete in county con-

7. AWARDS-Medal awarded to first place winner. Other awards may be furnished locally.

8. A bibliography must be included with the manuscripts.

COUNTY SPEAKING CONTEST

1. Should be held by February 1.
2. One advisor in each county will be appointed to contact other local advisors in the county to determine date and place, select judges, and make other arrangements for holding contest.

Farmer cooperatives in the county should be invited to cooperate. (They may want to provide some special awards.)

4. If only one chapter in a county has an

entry, this contestant is automatically the county winner.

5. Advisor of winning speaker, including automatic winner, to mail three copies of his manuscript to reach Executive Secretary. not later than February 5th. There will be

no exceptions to this rule.

6. Winner will compete in area contest.

7. AWARDS—Ribbon awarded to first place winner. Other awards may be furnished locally

8. A bibliography must be included with

AREA SPEAKING CONTEST

Should be held in February.
 Place will be arranged by state office.
 Local advisor at the designated place will be in charge of the contest and deter-

mine date to be held.

4. Farmer Cooperatives in the area should be invited to cooperate. (They may want to

furnish some special awards.)
5. Results of the contest to be mailed at once by advisor of winning member to reach Executive Secretary not later than March

Jana Howard-Sparkman FFA Sweetheart

6. Winner will compete in district contest.

7. AWARDS-Ribbon awarded to first place winner. Other awards may be furnished locally

8. A bibliography will be included with the manuscript.

DISTRICT SPEAKING CONTEST

1. Will be held at regular district eliminations.

2. Date and place will be arranged by

district supervisor.

3. Advisor of winning speaker to mail three copies of manuscript and glossy photograph of speaker at once to the Executive Secretary. (MUST BE IN AUBURN BY MARCH 5th).

4. District winner will compete in state

5. A bibliography must be included with the manuscript.

STATE FINALS SPEAKING CONTEST

1. Will be held during State FFA Convention. All speakers shall use the P. A.

vention. All speakers shall use the P. A. system and wear official jackets.

2. The state winner will compete in the Tri-State Contest. Normal expenses will be paid by the Alabama FFA Association.

3. The first place winner will not be eligible to compete in the state contest again.

4. A bibliography must be included with the manuscript.

State Final Awards

1st-\$250.00 and \$60.00 wrist watch and chapter banner.

Quartet Contest

Purpose

To encourage wholesome recreation, improve singing ability of FFA members, create more interest in chapter, county and state meetings, aid in radio and television broadcasting, other special programs, and stimulate more interest in group singing.

Eligibility

Open to all FFA chapters in good standing. Members of the quartet must be active members of the local chapter and at least 50% of the quartet members must be enrolled in high school. Winner of first place in each contest is eligible to compete in the next contest, from the chapter to state finals finals.

Songs

Each quartet will sing two numbers of their own choice. All quartets will use the P. A. System. No theme song is allowed.

Accompaniment

Quartet may sing with or without accompaniment.

Judging

Official judging sheets will be used in judging all contests. Each quartet will be judged on two songs in each contest.

Dates

Exactly the same as the FFA public speaking. (See rules for the speaking contest.) Results of each contest must be reported by advisor of winning quartet to the Executive Secretary, Auburn, Alabama same dates as for speaking contest. NOTE: This applies to automatic winners the same as others.

Forfeit

If the winner of any contest cannot compete in the next contest the winner of second place is eligible to compete.

State Champion quartet will represent Alabama in the Tri-State contest and normal expenses will be paid by the Alabama FFA Association.

In case the Alabama quartet wins the Tri-State, \$100 will be paid on their expenses to attend the National Convention, provided they can all attend.

State Awards

1st-\$60.00 watch for each member, including accompanist, and chapter banner.

2nd—\$50.00 cash and chapter banner.

3rd—\$50.00 cash and chapter banner.

4th—\$50.00 cash and chapter banner. -\$50.00 cash and chapter banner.

Farm Electrification Awards

Purpose

To encourage FFA members to develop necessary skills and take advantage of the rapidly expanding field of rural electricity.

Eligibility

This award will be open to members who, at the time of application, are regularly enrolled in all-day classes in vocational agriculture, or have been out of high school not more than one year, and have completed at least three years of vocational agriculture or all the vocational agriculture offered in the school. Applications for these awards may include reports of activities and records completed up to the end of the calendar year following graduation. The state winner may compete for the national award. The state winner will not be eligible to compete again. (National regulation.)

Opening and Closing Dates

The records submitted should be the boy's cumulative record during the period of active membership in the FFA. Each local advisor will select the chapter winner and only his report will be submitted to the Executive Secretary, Auburn. (THIS RE-PORT MUST BE IN AUBURN BY APRIL 20th.)

Basis for Awards

Consideration will be given to the student who has achieved the most in making practical and economic use of electricity in connection with his supervised farming program on his farm and in the farm home. Consideration will also be given to originality in the scientific development of new or improved practices in the use of electricity, or electrical appliances, of equipment on his home farm or in the farm home.

Star Farmer Awards

To challenge every member in Alabama to earn all FFA degrees offered in the state, including Green Hand, Chapter Farmer, and

ALABAMA'S State Star Farmer for 1962 is Phillip Hardee, center. District Star Farmers are, left to right, Joe Adair, New Hope; Abe Green, Lincoln; Bryan Bain, Carrollton; and Johnny Jenkins, Sidney Lanier.

State Farmer. Also, to encourage them to have the best record possible in FFA and vocational agriculture when they receive the State Farmer Degree.

Eligibility

All FFA members who meet the minimum qualifications and are applicants for the State Farmer Degree are eligible to compete for the Star Farmer Awards. They will be selected from the current year's State Farmers.

Basis For Awards

Applicant for the State Farmer Degree in 1963 must be recommended by State FFA Executive Committee to receive this degree.

2. Have outstanding supervised farming program that shows improvement in quality and continued expansion in scope.

3. Have full ownership of major products

in supervised farming program.

4. Show initiative in taking advantage of opportunities at hand.

5. Have plans to continue and enlarge

farming after graduation from school.
6. Have outstanding record of FFA and community leadership.

Soil and Water Management

Purpose

To encourage the conservation and proper management of the soil and water since it is so vital to our state and national welfare.

Eligibility

This award will be open to members who, at the time of application, are regularly enrolled in all-day classes in vocational agri-culture, or have been out of high school not more than one year, and have completed at least three years of vocational agriculture or all the vocational agriculture offered in the school. Applications for these awards may include reports of activities and records completed up to the end of the calendar year following graduation. The State winner may compete for the national award. The state winner will not be eligible to compete again. (National regulation)

Opening and Closing Dates

The results submitted should be the boy's cumulative record during the entire time he has been enrolled in an all-day vocational agriculture class, or during his period of ac-tive membership in the FFA. Each local advisor will select the chapter winner and only his report will be submitted to the Executive Secretary, Auburn. (THIS RE-PORT MUST BE IN AUBURN BY APRIL 10th)

State Awards

1st—\$100.00 and chapter banner. 2nd—\$85.00 and chapter banner. 3rd—\$70.00 and chapter banner. 4th—\$50.00 and chapter banner.

National Awards

First place-\$250.00 and three regional awards of \$200.00 each.

agriculture classes, or during his period of membership in the FFA. Each local chapter advisor will select the chapter winner and only his report will be submitted to the Executive Secretary, Auburn. (THIS RE-PORT MUST BE IN AUBURN BY APRIL

Basis of State Awards

The awards will be based on achievement

with special consideration being given to:
1. Efficiency in production as evidenced by accomplishment in dairy production in proportion to the opportunities and conditions on the home farm.

2. Stage of development of dairy opera-

tion on the farm.

3. Evidence of practical operation and use of improved practices.
a. Provision of improved pasture through

out the longest practical grazing season.

b. Production of legume hay adequate for

hay requirements.

c. Use of balanced rations based on larg-

est practical use of home grown grains.
d. Feed cost per pound of butterfat and per cwt. of milk as measure of efficiency in production.

e. All cows and heifers to be naturally or artifically bred to purebred bull of proved high production character.

f. Use of approved sanitation practices with check on cleanliness, bacterial content, and flavor of milk and cream.

4. FFA activities.
a. Evidence of leadership, ability, cooperation, community service, interest, and ability to assume responsibility.

American Farmer Degree

Purpose

To recognize outstanding farming ability and leadership by awarding this highest of all FFA degrees to the top Future Farmer in each one thousand members.

Eligibility

Any State Farmer who has been out of school for one year, but not more than three, has been a Future Farmer at least three years, and has had three years of vocational agriculture or all that is offered in his school and is an active chapter memin his school, and is an active chapter member is eligible. He should show through his program that he is becoming established in farming.

Plan

Application forms will be mailed in Janapplication forms will be marted in jain-uary to all chapters indicating on the FFA contest survey that they will have an appli-cant. (APPLICATIONS MUST BE IN AU-BURN BY APRIL 1st.)

Dottie Gail Andrews— Straughn FFA Sweetheart

Awards

A check from the Future Farmers Foundation for \$100.00, the American Farmer Foundation Key, and a certificate will be presented by the National FFA Organization. The candidate must be in Kansas City to receive the degree in person, or he will not receive the cash award.

Home Improvement Awards

Purpose

To help Future Farmers see the need for making the home a more attractive place in which to live. To encourage FFA members to do more home improvement by taking part in this contest.

Eligibility

All active FFA members, except previous first place State winners are eligible to compete again.

Opening and Closing Dates

The records submitted should be the boy's cumulative record during the entire time he has been enrolled in an all-day vocational agriculture class, or during his period of active membership in the FFA. Each local advisor will select the chapter winner and only his report will be submitted to the Executive Secretary, Auburn. (THIS REPORT MUST BE IN AUBURN BY MAY 1.)

Basis of Awards

Consideration will be given to the member who has achieved the most in improving his home by taking advantage of all opportunities he has, no matter how small.

A detailed report on all improvements made to the applicant's home and home grounds should be included in the report.

State Awards

1st—\$100.00 and chapter banner. 2nd—\$75.00 and chapter banner. 3rd—\$50.00 and chapter banner. 4th-\$25.00 and chapter banner.

Champion Corn Growing Contest

Purpose

To recognize FFA members who have corn as a part of their supervised farming program. Previous state winners are not eligible to compete again.

Plan

All members who have one acre or more of corn in their supervised farming programs will be considered as entering the contest and no official form will be submitted other than the preliminary S-1 report.

Contestant will follow experiment station recommendations on varieties, fertilization, specing and other cultural practices.

spacing, and other cultural practices.

An accurate and complete project record will be kept to include planting date, fertilization, and profit or loss on the project. The present project record may be used.

Yield will be determined by measuring three 100-ft. sections of rows in different

areas of the field and applying the formula used for measuring corn yields. Corn should be dry enough to store in the crib when yield is determined.

Chapter corn grower will be reported to the district supervisor as soon as corn is harvested and not later than December 15th.

County, district, and state winners will be determined on basis of highest yields re-

less they want to be a state FFA officer can-

Plan

Application forms will be mailed to all chapters around the first of March. To be eligible for consideration, they must be filled out and returned to Auburn by April 1st. A committee will select from the applications those to be recommended to receive the State Farmer Degree at the state Convention in June. (APPLICATIONS MUST BE IN AUBURN BY APRIL 1st.)

State Awards

State Farmer Degree certificate will be presented to successful candidates for the degree.

Your Temper

When people "lose their temper" It doesn't always stay In just the place they lost it, But travels miles away; And when they find and bind it, It may be it has done A mischief never to be healed Unto the farthest sun.

When people "lose their temper," It runs and rages far. It strikes at friends as well as foes, Not caring who they are; And when its cruel force is spent, Its words and deeds go on Down many ways through many days, Unreckoned and unknown.

When people "lose their temper," It never stays that way -Its owner always finds it. To use another day.

Plan Your FFA Farm Safety Campaign

Most studies of accidental deaths show that more persons are killed annually by accidents, while engaged in farming, than in any other industry. Two factors influence these findings. First, more persons are engaged in the pursuit of agriculture than in any other occupation, and second, safety rules are not enforced on the farm as they are in organized industry.

The time to be concerned about accidents is before they occur. One may be too many. Most farm accidents could have been prevented if the necessary precautionary measures had been taken.

The primary purpose of this campaign is to make farm people more "safety minded." Emphasis will be given to locating farm hazards and removing as many of them as possible.

Procedure for Conducting the Campaign

1. Devote one chapter meeting to a discussion of common farm accidents and their causes.

2. Take a field trip to a member's home. Using the Farm Hazard Survey Sheet, make a systematic survey of the farm to locate hazards and record them.

3. When a safety hazard is located mark its identity on the back of a "Danger tag" and tie or tack the tag in a prominent location at the place of the hazard. Keep a record of the number of

4. Encourage each member to do the same on his home farm.

5. Place emphasis on the removal of hazards. The tag is not to be taken down until the hazard is removed or precautionary steps taken to lessen it. Record on the back of the tag the corrective action taken.

6. Each member will turn the tags in to a Farm Safety chairman as they are removed and will receive credit against the number originally used.

7. At the end of a specified period of time (1 to 6 months) the record of hazards removed will be evaluated.

This may be set up as a contest in which the member who most effectively removed the greatest percentage of hazards will receive the chapter FFA Foundation medal for Farm Safety for the year.

"Next to creating a life, the greatest thing man can do . . .

> is save a life." —Abraham Lincoln

LOCATE AND REMOVE

Your Farm Fire Hazards

Be Systematic—Use This Check List To Record Your Progress

- Are chimneys clean and mortar tight in all joints?
 - Is fire resistant roof or chimney spark arrestor used?
- Are stove or furnace pipes in good condition, clean and well-anchored?
- Are metal containers used for ashes?
- Are combustible walls, ceilings, floors, curtains, wood boxes, rugs and papers protected or a safe distance from stove pipes, stoves, furnaces or fireplaces?
- Are attic, basement, and closets free from old papers, rags or other rubbish?
- Are matches safely stored and out of reach of children?
- Are oil stoves of approved type, refueled carefully, and operating safely?
- Are newly filled hav mows inspected frequently for symptoms of spontaneous combustion?
- Is smoking prohibited in barns and out-buildings?
- Are tractors, trucks and automobiles stored in the barn or other buildings storing combustibles?
- Are engines stopped while refueling?
- Are electric motors and gasoline engines free from dust or excess grease accumu-
- Are the principal buildings rodded with good ground connections for lightning protection?
- Are approved electrical wiring and appliances used?
- Are fuses of proper amperage (usually 15) used to protect circuits?
- Are extension cords frayed, under rugs, over pipes or nailed to wall?
- Are gasoline and kerosene (one gallon or more) stored under ground or a safe distance (75 feet or more) from buildings?
 - Are all flammable liquid containers labeled and sealed?
- Are brooder stoves of approved types and safely installed in isoated buildings?

Provide Fire Protection

To complete the job of safeguarding your farm from fire, be prepared, so the odds are not stacked against you if a fire does occur. Can you answer yes to all of these questions?

1. Do you understand the types of fires, their behavior and methods of

suppression?
2. Is home fire-fighting equipment available and kept in a handy place for instant use? (Axe, wrecking bar, rope, ladder, sand, water buckets, or other extinguishers.)

3. Are family first aid supplies avail-

able and easily accessible.

4. Can water be secured from a supplementary supply (stock tanks, cistern, pond, milk can brigade) in sufficient volume for fire-fighting?

5. Will ladders and ropes safely support a person's weight and reach the top

of buildings?

6. Are farm plows, disks and orchard

spray machines kept in readiness for fire fighting?

7. Are members of the household fully

instructed on the specific duties they should perform if a fire starts? 8. Is fire resistant construction and

safe spacing used where feasible for new buildings?

9. Is there organized fire protection planned for your community?

10. Has definite arrangement been made for assistance from neighbors in lieu of organized community protection?

11. Are telephone numbers of fire departments, or other sources of assistance posted near the telephone?

12. Do you discourage the burning of timberland and crop residues in your community and prohibit it on your farm?

America's cities and towns have demonstrated the value of fire protection. With safer building codes and better fire prevention precautions and equipment, urban centers lose only half as much property as they did a generation ago.

Tractor Accidents Can Happen

America leads the world in mechanized agriculture. Tractors by the thousands operate faithfully and efficiently in fields throughout the country. Some are old and dull; some are new and shiny. Altogether there are more than 2,000,000 of them and they play a vital role in making America the greatest producer of food and fiber.

American farmers point with pride to their tractors except when an accident has sabotaged the savings and pleasure the tractor has brought to its owner.

An accident seldom hurts the tractor much. It hurts the operator, his family, his friends, his pocketbook and his food production. Death or lifelong disability are frequent consequences. Sometimes it means a farm has to be sold or abandoned.

Tractor operators, like American automobile drivers, who drive the world's best cars, are piling up a shameful record of needless tragedies. Manufacturers are trying to make tractors safe but they cannot make them foolproof.

Good judgment is all that is necessary to prevent tractor accidents. It is easy to avoid tragedy. Just be on the

alert and practice safety!

Tractors are used more than most other farm machinery. There are also more accidents with tractors than any other piece of farm equipment. In some states 75 per cent of the recent fatal accidents with farm machinery involved tractors. These accidents seem to fall into four main classes: (1) overturning, (2) falls, (3) power takeoff entanglement, and (4) a miscellaneous group with a wide variety of causes summarized by the safety rules listed below.

Tractor Safety Rules

- 1. Before starting a tractor see that gear-shift lever is in neutral. When cranking tractor, place thumb and fingers on same side of crank.
- 2. Always drive tractor carefully, avoid excessive speed, holes, ditches or other obstructions, reduce speed when turning, and use extra care on hillsides, rough ground or highways.

3. Engage clutch gently, especially when pulling uphill, out of ditches or

heavy loads.

4. To reduce speed or stop always brake wheels equally (use brake connecting latch if provided).

5. Always keep power line shielding in place and stop power take off before dismounting from tractor.

6. Never allow extra riders on tractor.

7. Be careful refilling radiator on overheated tractor or with pressure cooling system.

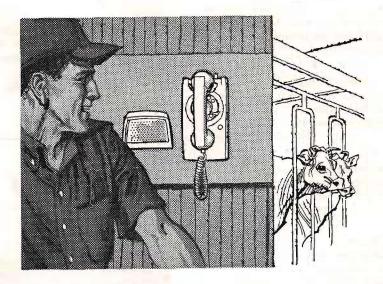

- 8. Avoid refueling or other service work while tractor is running or extremely hot.
- 9. Do not operate a tractor in a closed building or where exhaust will contact flammable material.
- 10. Stay on seat while tractor is in motion, never dismount until it stops.
- 11. Always hitch to tractor drawbar, especially heavy loads.
- 12. Keep tractor in gear going down steep hills or grades.
- 13. Always stop tractor before removing or replacing belt,

- 14. It is dangerous to let children operate tractors.
- 15. Keep tractor platform, pedals, foot rests, steps, etc., free of dirt, grease, trash or other tripping hazards.

16. Keep tractor in good mechanical condition. Check brakes, clutch, lights, fuel line and control mechanism frequently.

17. Be careful coupling implements to tractor. (Special hitches or a hook to handle drawbar make hitching safer and easier with light pull behind equipment.)

18. Avoid wearing loose, sloppy clothing while operating tractor.

FARM INTER PHONE...

a phone you don't have to run to

Running between the house and buildings to handle telephone calls, locate another person, or exchange information may be good exercise, but it's also time-consuming and inefficient.

Farm Interphone, through a simple arrangement of strategically located speaker-microphones, adds on-the-farm communication to your regular telephone service. *Every* Interphone station on your farm becomes a point from which you can control your operation.

To find out more about Farm Interphone, contact your Southern Bell Manager.

HAVE *You* HEARD. This one?

Wife to husband: "Dear, why don't you take Junior to the zoo?"

Husband: "Nothing doing! If they want him, let them come and get him."

Sign on a florist's truck: "Drive carefully. The next load may be yours."

Sign on restaurant wall: "We have an agreement with the First National Bank - they will serve no sandwiches and we will cash no checks."

There were probably just as many reckless drivers in the country 50 years ago, but they were driving something that had more sense than they had.

- Roadway Digest

Another hazard in raising a large family of boys is that at least one of them will turn out to be a politician.

Greenup (Ky.) News

Opportunity is:

What the strong man makes for himself.

What the industrious man asks for.

What the lazy man dreams about. What the weak man waits for.

What the wise man sees and makes the most of.

"Tommy, what is a synonym?" the teacher asked.

"A synonym," said Tommy, wisely, "is a word you use when you can't spell the other one."

Laura Jane: My father takes things apart to see why they don't go.

Mike: So what?

Laura Jane: So you'd better go.

The new farm hand was awakened at 2 a.m. by the farmer who announced that they were going to cut oats. "Are they wild oats?"

"No, why?"

"Then why do you have to sneak up on them in the dark?

- Bob Oliver, Ardmore, Okla.

"I thought your son was studying to be a doctor.

"He was, but he was kicked out of school for cheating."

"Too bad. How come?"

"They caught him counting his ribs in a physiology exam.

- Arkansas Baptist

"Gimme a dime for a cup of coffee?" asked the hobo of the plain-clothes man.

"Do you ever work?" asked the plainclothes man.

"Now and then."

"What do you do?"

"This and that."

"Where?"

"Oh, here and there."

The plain-clothes man took him to the police station. "When do I get out of here?" wailed the hobo.

The desk sergeant growled: "Sooner or later!"

- Oval Mirror

Wrinkles should merely indicate where smiles have been because 66 muscles are required to produce a frown, and only 16 to smile.

Wear a smile - and save the differ-

MR. D. N. BOTTOMS, right, inspects a dump trailer built by one of the vo-ag classes at Grove Hill High School. Mr. J. R. Lindsey, FFA Advisor at Grove Hill, is showing the trailer to Mr. Bottoms.

"Tilt-up is a real money saver all right. You save on the cost of materials, and construction is fast and easy. My new hog house is the most inexpensive building on my farm, yet I'm just beginning to see how useful it is.

"Its good, tight construction protects stock, keeps them free of drafts. I'm saving more pigs every litter. And nothing is more permanent than concrete-I'll spend less time and money on upkeep and repairs."

If you don't know these men or others like them...

... you should get acquainted!

These Alabama Power Company rural service engineers are preparing a layout for an electrically operated, mechanized feeding system. As graduate agricultural engineers, our rural service engineers are familiar with the latest developments in all types of electrical farm equipment. They are always glad to assist in determining how electricity can provide greater convenience, reduce man-hours of labor and increase farm profits. Ask them about:

Electric Heating

Materials Handling

Residential and Farm Wiring

Feed Processing

Water Systems

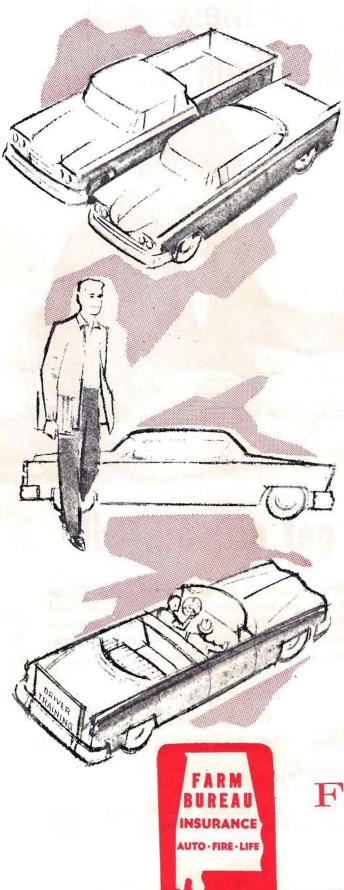

Electric Brooding

Outdoor Lighting

There is no charge for this service. Our rural service engineer will be happy to visit you at a time that is convenient to you. Just ask our nearest office to have him call on you. Remember, no charge or obligation.
