

I would like to call Mr. Stuart X. Stephenson to the rostrum.

(WHEN HE ARRIVES AT ROSTRUM)

This man has proven his interest in the rural youth of Alabama and particularly the FFA. He has given of his time and means to help promote a better organization for our members. For many years he has given state-wide publicity, through the Montgomery Advertiser, to our organization. Mr. Stephenson has always been available whenever and wherever FFA members and Vocational Agriculture teachers meet.

(TURN TO FACE MR. STEPHENSON) May I impress upon you, that we as boys look to you for counsel and guidance. It is because of the great respect we have for you that you have been selected to receive this Degree. May you find help in us and we in you.

It is my pleasure, on behalf of the 23,000 FFA members in Alabama, to present to you this plaque of Honorary State Farmer Degree, the highest Degree any State may confer on an individual.

We welcome you into our organization.
