

Alabama FFA Association and Foundation

July 1, 2007 to June 30, 2008

Alabama FFA Association

The Alabama FFA Association was founded in 1929, the 36th State Association chartered by the National FFA Organization. The FFA is the state and national organization for stu-

dents enrolled in agriscience education. The association has a long history of proven performance on the state and national levels.

2007-2008 State FFA Officers: (l-r) Leah Blalock, State Sentinel from Daphne; Melody Murrell, State Reporter from Red Bay; Scottie Hunter, State Treasurer from Billingsley; Brendon Boyd, State Secretary from Marbury; McKenzie Crabtree, State Vice President from East Limestone; and James Paul Bailey, State President from Sand Rock

The Alabama FFA Association provides many opportunities for students to showcase what they have learned in the classroom and through their supervised agricultural experience (SAE) program. Agriscience education in Alabama is designed as a three-part model: FFA, SAE, and Classroom and Laboratory Instruction.

Classroom and laboratory instruction is the basis for everything that is done in agriscience education. The agriscience education mission is to prepare students for successful careers and a lifetime of informed choices in the global agriculture, food, fiber, and natural resources systems.

A student's SAE project is an extension of the classroom

experience. The student has an opportunity to learn through hands-on applications outside of the regularly scheduled class time.

The FFA mission is to make a positive difference in the lives of students by developing their potential for premier leadership, personal growth, and career success through agriscience education.

Alabama FFA Foundation

The Alabama FFA Foundation is a 501(C)3 non-profit organization formed in 1977. The sole purpose of the foundation is for the benefit of the Alabama FFA Association. Income from foundation investments is transferred annually to the association to support the Contests and Awards Program.

The investments are managed under the direction of the Alabama FFA Foundation Executive Committee. The committee is composed of 12 individuals from agriscience education and 12 individuals from agricultural business and industry.

The FFA Wall of Honor was initiated by the Alabama Past State FFA Officer Alumni Association as a means to recognize those individuals who have provided support and outstanding service to agriculture and the FFA within Alabama and to secure funds for the Alabama FFA Foundation.

FFA Contests and Awards

The purpose of the Alabama FFA Association's Contests and Awards Program is to vitalize and enrich the instructional program of Agriscience Education. Through participation in an effective Contests and Awards Program, FFA members are recognized for outstanding accomplishment and motivated to achieve their greatest potential.

Schools with multiple teachers and large enrollment in Agriscience Education may establish separate chapters. Each chapter shall be organized and operated in accordance with all the provisions of the national, state, and local constitutions. Each chartered chapter must submit its own list of

FFA members enrolled in its chapter, along with the designated advisor. The State Office should be notified when transfers are made from one chapter to another. FFA members are only eligible to participate in the activities of one chartered FFA chapter.

In order to remain in good standing with the State Association, chapter dues must be submitted by March 1 each year. Charters of chapters not submitting dues by this date will be withdrawn by the delegate body at the State FFA Convention.

FFA members are invited to "get into the mainstream of FFA activities" and

participate actively in the FFA Contests and Awards Program. Interested citizens are providing cash awards to inspire them to do their best. Members are encouraged to look at the list of contests and awards, select the award areas that interest them, then put forth their best effort to win!

For more information regarding the FFA contests and awards, go to the Alabama FFA Web site at <http://www.alabamaffa.org> and look under forms and applications for the Alabama FFA Contests and Awards Booklet.

Contests and Awards Sponsors

We are proud of our affiliation with the sponsors of the FFA Contests and Awards Program in Alabama. Some are new and some have been faithful sponsors for many years, but we take every opportunity to acknowledge and thank each and every one of them for the time and money they have invested in the Alabama FFA Association.

Our fine partners consider their efforts to be a good investment in the

future. How good an investment it proves to be will depend upon the extent to which all Alabama FFA members, advisors, and chapters participate. Let's prove to our sponsors that they made a wise decision when they chose to support the FFA Contests and Awards Program in Alabama.

Agricultural Proficiency Awards

The purpose of these awards is to stimulate interest in the instructional program and agricultural occupations and reward FFA members for exceptional accomplishments in progressing toward specific occupational objectives in agriculture through their Supervised Agricultural Experience (SAE) program. In judging these awards, major emphasis will be placed on the work done by the applicant.

Agricultural Proficiency Awards are available to all FFA members enrolled in high school Agriscience Education and members who have been out of

high school not more than one year and have completed at least three full years of Agriscience Education or all the Agriscience Education offered in their school. Applications for these awards may include reports of activities and records completed up to January 1 of the year the application is submitted.

A member may be granted only one first place Agricultural Proficiency Award on the state level per year and may receive the same kind of state award only once. All of the Agricultural Proficiency Awards are individual

awards. Chartered chapters are eligible to submit only one application in each of the proficiency awards.

The awards in these areas are sponsored jointly by the state-level sponsors and the National FFA Foundation sponsors. State-level awards are only presented if there are applicants for the sponsored award area. The National FFA Foundation sponsors pay \$250 for each 1st place proficiency award presented at the state level.

FFA Contests and Awards

Agricultural Proficiency Awards: (Top 4 recognized at state convention)

Award Area	Number of Applicants	Amount of Prize Money Awarded	Cost of Banners/Awards	Total Cost of Proficiency Area	Sponsor(s)	Total Amount Sponsored	Difference

Career Development Events

The primary goal of the team career development events and awards is to develop individual responsibilities, foster teamwork, and promote communication while recognizing the value of ethical competition and individual achievement.

Team career development events and awards should be an outgrowth of instruction; but, recognize the value and contributions of the experiences and aspirations of individual members.

FFA career development events and awards should reflect instruction that currently takes place in the Agriscience Education program, including classroom instruction, laboratory instruction, individual instruction and/or supervised agricultural experience.

Alabama FFA Leadership Development

The Alabama FFA's philosophy is that great leaders are not just born with an innate ability to lead, they are developed. The organization has designed a program for individuals to promote the development of those skills deemed necessary to be an effective leader.

Chapters across the state begin the development of these skills with their daily operation. A select few chapter members have the opportunity to serve as state officers. The six state officers attend two leadership conferences to prepare them for service. Blast Off is an introductory workshop that delves into the skills necessary to perform the duties of a state officer. The National Leadership Conference for State Officers (NLCSO) prepares the state officers to train others in skills they have acquired.

After the NLCSO, the state officers are busy preparing for the District Officers' Leadership Conference. This conference assists the district officers in preparing for the next level of leadership training, the Chapter Officer Leadership Workshops (COLWs). The COLWs are held around the state in the three districts to allow the chapter officer teams to attend and build the skills they need in order to run an effective chapter in their communities.

After the summer workshops are completed, the state officers are busy visiting chapters and making appearances across the state during the year. They also are eligible to attend the national convention as delegates. This honor affords even more opportunities for them to gain team building and relationship building skills that are so essential.

A few of Alabama FFA's best have even gone on to attain the ultimate leadership position in our organization, a national office. This privilege requires a year of service to the organization. The national officers must put a hold on college or work and dedicate themselves to the office. In their year of service, while traveling over 100,000 miles, they will visit Japan and about 40 of the 50 states.

The FFA has many opportunities for students to excel other than officer positions, supervised agricultural experiences, and competitions. The members can get involved in their communities through their chapters by working with blood drives, habitat for humanity, community cleanup, community landscaping projects, and the list goes on. Effective FFA programs can have a huge impact on their community in a variety of ways.
