Revised December 2022
Quartet Contest

QUARTET CONTEST

PURPOSE

The purpose of this contest is to develop musical ability and leadership characteristics through member participation in musical activities.

ELIGIBILITY AND REGULATIONS

This contest is open to all junior and senior high school students who are presently enrolled in Agriscience Education and also to those who have already completed at least one year of Agriscience Education and continues to follow a planned course of study, which includes a Supervised Agricultural Experience Program under the supervision of the Agriscience teacher. All participants must be in school and be bona fide FFA members.

Each quartet must consist of four different parts in harmony.

Each quartet may be accompanied by no more than one musical instrument of their choosing. If a musical instrument is used for either one, two, or all three selections, the same instrument must be used. The accompanist is not required to be an FFA member. Any quartet having an accompanist playing an instrument other than a piano must provide their own amplifier. If an electronic synthesizer is used, it must be set to duplicate only one instrument.

Each quartet will sing three selections of their choice. Either spiritual, gospel, country-western, and/or folk music may be used. All singers will use the PA system provided at all venues both district and state.

Area and/or district eliminations will only be held if more than two groups declare by the deadline. The first and second place quartets from the North, Central and South district competitions will compete in the state finals during the Alabama FFA State Convention. Winning quartets that are unable to compete in the next highest contest should notify the District Advisor in time for the runner-up to compete. There will not be a preliminary event at the state level. The district event will serve as the qualifier.

A representative must meet with the contest officials prior to the start of the contest to draw for performance order. Failure to have a representative present will result in disqualification from the TDE.

Intent to participate along with proper documentation should be emailed to the district specialist by February 15th. If no more than two quartets declare, there will be no district level event. Documentation includes a list of equipment needs (ex. Keyboard, direct box, auxiliary cord, etc)

DISCLAIMER

In the event that contests (CDE, LDE, TDE's) cannot be held in person, a virtual option may be conducted. Contest rules and guidelines are subject to change to meet the needs of a virtual experience.

GUIDE FOR JUDGING QUARTET CONTEST

Official score sheets should be used in judging each contest.

Three competent and impartial persons should be selected to judge the contest.

At the time of the contest, the judges should seat themselves apart from one another in different locations of the room in which the contest is held, where all quartet members can be seen.

Contestants shall draw for places on the program.

Each selection will be scored separately and recorded on the score sheet.

When all quartets have finished, the judges will retire and make their placings (1, 2, 3, etc.) without any discussion. The judges' rankings of each quartet then shall be added, and the winner will be the quartet whose total score is the lowest. This is the low point score method of selection. The person in charge will assist by recording the final placings of each judge on the Summary Sheet to determine the winners. In case of a tie the judges should vote by secret ballot on the two quartets involved. Judges will be welcomed to make comments and suggestions for each quartet to help enhance their performance as well as stage presence.

The Summary Sheet should be checked and double-checked before the winners are announced. The decision announced is final! The individual score sheets should be destroyed immediately by the judges; no one else will be allowed to see the score sheets.

SCORING

Each judge will score the three selections performed by a quartet using a 100 point per selection basis. Each selection will be scored on the following items:

- Harmony (40 points)
- Rendition (15 points)
- Appropriateness and Variation
in Types of Songs (15 points)
- Stage Presence (20 points)
- Official Dress (10 points)

Each judge will add the score given to each of the three selections for a quartet to obtain the Total Score for that quartet. The Total Score given by the judge for each quartet in the contest will be used to rank the quartets in the contest. The highest score being ranked 1st, the second highest score being ranked 2nd, etc. The rankings of each of the three judges will be entered on the Summary Sheet by the person in charge of the contest.
