

NAVIGATE

The Future

TEACHERS CONSERVATION WORKSHOP 2023

Navigate

Navigate the future of student learning by attending TCW 2023! This workshop provides k12 educators the opportunity to connect and learn from forestry, natural resources and conservation professionals.

Explore

Explore natural resources and local treasures found in the outdoor classroom. Encourage students to connect with nature through sensory-related STEM activities provided in the PLT Workbooks!

Adventure

Embark on the journey of how PLT has been enriching classrooms across the nation for over 50 years! Learn the rich history of forestry in Alabama as you join us on this interactive, hands-on learning experience.
